Prevent now, secure tomorrow

Threat Intelligence helps you make better cyber security decisions

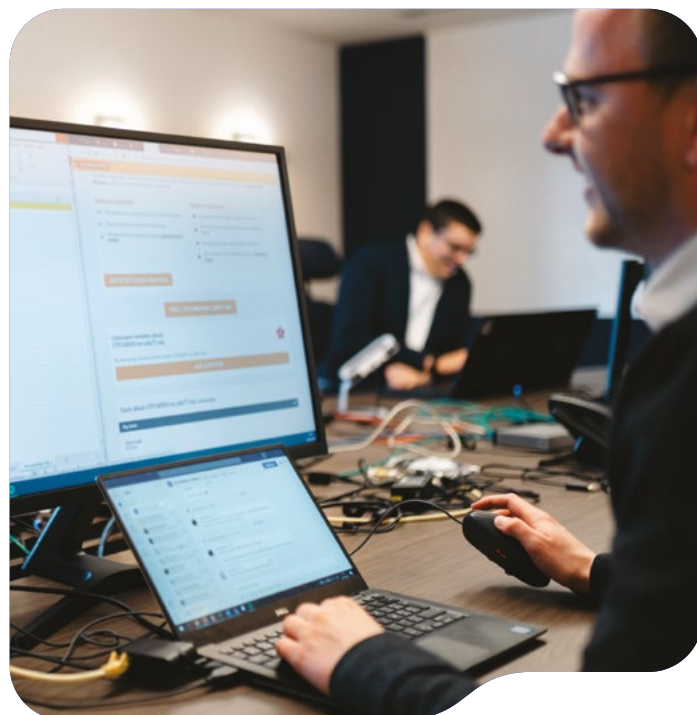

*In today's fast-paced digital landscape, cyber-security threats are constantly evolving, making it increasingly challenging to handle security independently. Because of today's war for talent, it's very important to manage your resources efficiently. That's where Secutec SecureSIGHT steps in, acting as your **dedicated in-house security team**.*

With automated monitoring and robust protection, we ensure the safety of your organization, allowing you to focus on what you do best.

Did you know...

- 1 Off all attack vectors, breaches involving stolen or compromised credentials take the longest to identify and contain (292 days).
- 2 Stolen or compromised credentials formed the basis of 16% of all attack vectors in 2024.
- 3 The global average cost of a data breach increased by 10% in 2024, with the Benelux region reporting an average cost of EUR 5.17 million.
- 4 In 2024, more than half of all breached organizations faced high levels of security staffing shortages.

Cyber threats evolve, why doesn't your security?

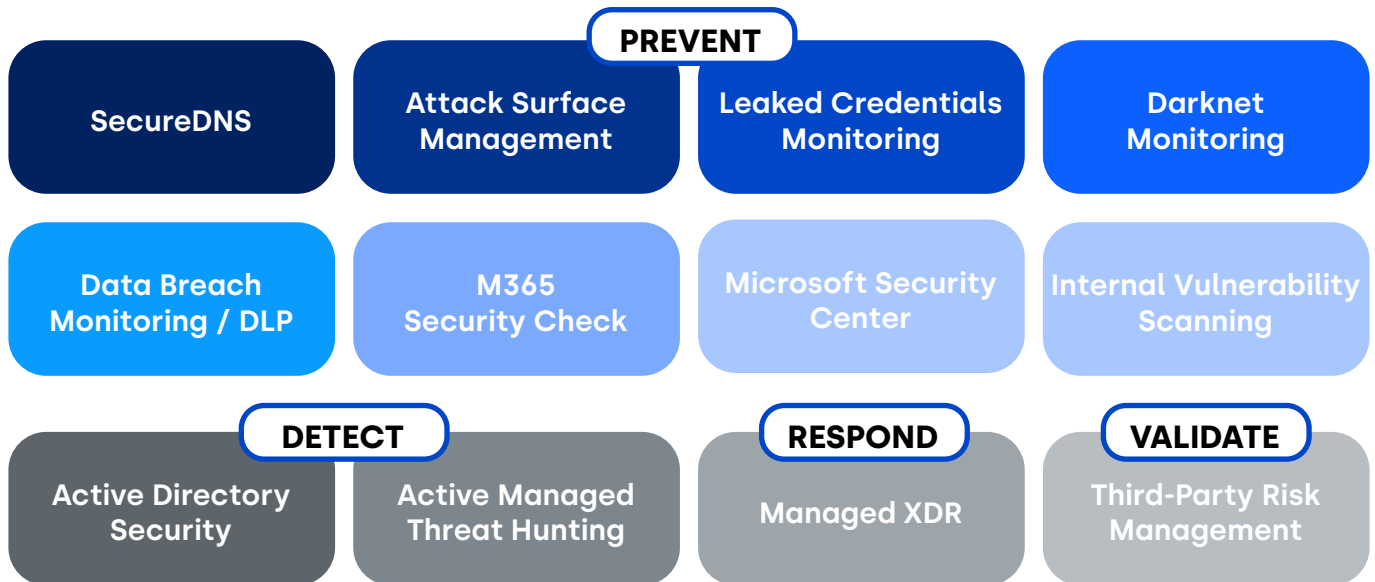

Achieving true security requires a **multi-layered approach**. Instead of increasing investments in your current infrastructure and solutions, prioritize closing the gaps in your security posture. Secutec SecureSIGHT is the answer to ever-evolving threats.

Continuously patrolling your digital perimeter

SecureSIGHT's **managed service** offers the most cost-efficient solution that covers the most crucial aspects of a cyber attack's life cycle by analyzing a wide range of attack vectors and indicators of compromise. The **Secutec Security Operations Center (SOC)** collects all data about possible attacks, adds context to alerts and provides you with actionable data and interpreted insights.

Leveraging your current security infrastructure, Secutec SecureSIGHT presents **different modules** tailored to your specific requirements.

The SecureSIGHT Platform | Take control of your cybersecurity

SecureSIGHT is Secutec's **all-in-one, vendor-agnostic unified Threat Exposure Management Platform** that brings together thirteen integrated security modules in one single, centralized dashboard. By correlating internal and external cyber intelligence from leading global vendors and specialized niche players, the platform provides organizations with a **complete, real-time view of their cyber health** and significantly accelerates threat detection and response.

SecureSIGHT enables organizations to **deploy a fully operational virtual SOC within 24 hours**. It supports both internal and external security layers, integrates seamlessly with existing tools, and can be adopted as a full platform or per module.

Your central security hub, always at hand

The 'My Secutec' App gives you **real-time access** to your cybersecurity posture - wherever you are.

With the app you can:

- Instantly access your cybersecurity data
- receive real-time alerts for critical vulnerabilities
- track your security score, threats, and risks live
- effortlessly monitor and manage credential breaches
